## **Concorde Staff Source Places Radiologist at The Center for Breast Care at Lexington Clinic**

**MILWAUKEE, Wis.** – July 12, 2010 – Concorde Staff Source announced that it has placed Dr. Chad Harston on a permanent basis at The Center for Breast Care at Lexington Clinic in Lexington, Ky.

Dr. Harston will serve as the Director of Women's Imaging, where he will be responsible for breast imaging and conducting breast procedures.

Lexington Clinic is the largest and oldest private multi-specialty group practice in the Commonwealth of Kentucky, consisting of primary care physicians, medical surgical specialists, and allied health professionals. With more than 150 physicians, 50 physician extenders, and 1000 full-time employees, Lexington Clinic enjoys the reputation of a well-established and highly respected multi-specialty group practice.

The Clinic began working with Dr. Harston in April 2009, when he was contracted through Concorde as supplemental staff due to an in-house vacancy. Based on his level of expertise, high standards of care, and passion for his field, the Clinic decided to hire him on a permanent basis.

Dr. Harston's previous experience includes:

- Chief of Breast Imaging at Wilford Hall Medical Center, Lackland Air Force Base, Texas
- Associate Radiologist at Brigham and Women's Hospital in Boston, Mass.
- Covering Staff at Cape Cod Hospital in Hyannis, Mass.

He will begin working for the organization in August 2011 upon his return from Iraq, where he will be providing services to the men and women serving in the Armed Forces.

Dr. Harston earned his medical degree in 2001 from Baylor College of Medicine in Houston, Texas, and has a Bachelor of Science degree in Zoology from Brigham Young University in Provo, Utah.

He is a member of The American College of Radiology, The Radiologic Society of North America, and the American Roentgen Ray Society.
